

HOME HEATING & AIR CONDITIONING — INC. —

Service Levels

System Rejuvenation

\$189

- Infrared Camera Inspection of the Heat Exchanger
- Test Blower Motor & Amp Draw
- Test Inducer Motor Amp Draw
- Test Start Capacitor
- Inspect Blower Wheel
- Inspect Evaporator Coil
- Test Flame Sensor
- Test for Proper Venting
- Test Ignition Systems
- Test for Gas Leaks
- Test All Wiring Connections
- Measure & Test Temperature Rise
- Check Filter
- Clean Burners
- Clean Furnace Cabinet
- Clean Motor Housing
- Check Belts
- Clean Flame Sensor
- Set & Calibrate Gas Pressures
- Clean Heat Exchanger
- Lubricate Motor
- Level & Clean Thermostat
- Change Thermocouple
- Duct Inspection
- Test & Calibrate Refrigerant
- Clean Condensate Drain Line
- Test Static Pressure
- Clean Around Furnace
- Clean Top of Water Heater
- Check CO Detector
- Test Smoke Detector
- Dryer Vent Inspection
- Hot Water Heater Inspection
- Duct Capacity Calculation
- Seal Supply & Return Plenums
- Vacuum & Clean Return Plenums
- Inspect Indoor Air Quality Products
